Gerard Nguyen
S'PACE Architecture et Environnement

8 October 2016

Dear Monsieur Nguyen

RE: Battlefield Incinerator

I am writing on behalf of Shrewsbury Civic Society to advise you that your building has received an award for its excellent contribution to the built environment of Shrewsbury.

The society has not conferred such honours for some time, and has reintroduced them this year. The building qualifies for work done in the last three years, in the categories of new build, refurbishment or business/shop frontages. It will have been nominated by a member of the society or public, and then selected by our awards panel, from among the entries, as meeting the highest standard.

The awards ceremony will take place at 12.30pm 21 October at Bear Steps, St Alkmund's Place, Shrewsbury. It will be a drinks reception, and there will be a press photographer present.

Congratulations, and we very much hope you will be able to attend to receive the award. Please RSVP to Martina on 0791 343 9062 or email info@shrewsburycivicsociety.co.uk.

Yours sincerely

Martina Chamberlain
Awards Panel, Shrewsbury Civic Society
